ONE MILLION LIVES & COUNTING

PROGRESS & PRIORITIES
18-Month Report | February 2019

REBUILD TEXAS FUND
“Every volunteer has left a piece of their heart here. Seeing a family back in their home is a feeling you never forget.”

– Mike Stuckey, Mennonite Disaster Service
“The Rebuild Texas Fund was founded on the idea that we could accomplish more together than any of us could do alone. We are so inspired by the progress Texas communities have made in their rebuilding efforts. We hope you are as inspired as we are by these stories of resilience and possibility.”

– Susan Dell, Michael & Susan Dell Foundation

“Harvey damaged many of our buildings beyond repair, but it didn’t dampen our spirits.”

– Dru Ann Mushlian, Interim Superintendent, Hardin-Jefferson ISD

“The hard work of rebuilding continues across Harvey-devastated areas. The Rebuild Texas Fund team, in coordination with communities, local officials, and long-term recovery groups, has been crucial to helping communities rebuild and prepare for the future. I am proud of the progress so far and look forward to the work ahead.”

– Governor Greg Abbott
THE IMPACT OF PROGRESS

A TEXAS-SIZED RESPONSE

Eighteen months after Hurricane Harvey made landfall, this report is our update on progress made and priorities looking forward. With support from more than 33,000 donors, the fund raised $100 million to help our neighbors get on the path back to normalcy. One hundred percent of these donated resources are being put to work supporting the rebuilding priorities of local communities across the 41-county impact area. To date, Rebuild Texas Fund projects have directly impacted the lives of more than 1.1 million people through our 156 partner organizations.

The fund has been investing more than $130,000 a day, seven days a week, in Harvey-impacted communities and, at this rate, is on track to fully spend down the remaining funds by July 2019. As we finalize our last rounds of funding, we will focus on projects that impacted communities have identified as most important: housing, community preparedness, and matching dollars for community infrastructure and education facilities.

We are grateful for the opportunity to serve our neighbors during this critical time and look forward to standing alongside communities over the next 18 months as rebuilding work continues.

MOVING FORWARD: TWO PRIORITIES

HOUSING

More than 203,000 homes were flooded and 12,700 were destroyed by Hurricane Harvey, according to information gathered by the Commission to Rebuild Texas. Many of our most vulnerable neighbors would have no means to repair or rebuild their homes without the support and dedication of their communities. With damage of this scale, it isn’t enough to build a few walls. Rebuilding a community takes the coordination, commitment, and determination of city and county officials, nonprofits, educational institutions, faith-based organizations, businesses, and more.

Long-term Recovery Groups (LTRGs) are cooperative groups that come together to do just that – assist individuals and families as they recover from a disaster. LTRGs are essential to ensuring communities maintain focus and manage resources over the long term. While the structure and composition of each LTRG is unique to each community, one thing holds true for all LTRGs: they are in it for the long haul. And for most Harvey-impacted areas, housing remains a major need. That’s why Rebuild Texas Fund is prioritizing housing and support for organizations working as part of local LTRG efforts as the fund enters its final phase of work.

PROJECT HIGHLIGHT

VICTORIA COUNTY LONG-TERM RECOVERY GROUP

“Forming the LTRG was critical in organizing ourselves for this rebuilding effort. I am more confident than ever that we are building a stronger Victoria County.”

- Mark Longoria, Chair, VCLTRG Board of Directors

393 FAMILIES
totaling 800 individuals currently being served by case management and other services

88 MEMBER ORGANIZATIONS
working together to identify and address unmet needs countywide

Mark Longoria (Chair, VCLTRG Board of Directors), Danny Garcia (Victoria County Commissioner), Daniel Harasim (VCLTRG Warehouse Operations), Cynthia Staley (VCLTRG Secretary), and Ben Zeller (Victoria County Judge) discuss storage needs for building materials.
Rebuilding community assets and bolstering local economies have been critical to recovery in the wake of Harvey. Projects funded in this focus area have ranged from restoring essential infrastructure like water systems to funding important and lifesaving equipment for use in future disaster situations. In many communities, match funds provided by Rebuild Texas Fund have opened access to federal funding for 80 to 90 percent of a project’s cost. This high-leverage approach has helped bring more than $27.6 million in additional resources to impacted communities. The fund will prioritize these match funding opportunities and community preparedness projects in the final phase of work in Harvey-impacted communities.

**PROJECT HIGHLIGHT**

**PREPAREDNESS PROJECTS**

“The grants from Rebuild Texas Fund and Center for Disaster Philanthropy helped purchase lifesaving rescue equipment for our volunteer fire department. We are better equipped to serve our neighbors and better prepared for the future.”

- Chief Edward Faterkowski, Tri-County Fire Department, Hockley, TX

**41 COUNTIES**

served by preparedness projects funded to date

**29 PREPAREDNESS PROJECTS**

totaling $663,138 funded so far

Tri-County Fire Department purchased rescue boats to equip their 12 swift-water rescue trained volunteers to respond in emergency and disaster situations in Grimes, Harris, and Waller counties.

ABOUT THE REBUILD TEXAS FUND

The Rebuild Texas Fund is a collaborative project of the Michael & Susan Dell Foundation and the OneStar Foundation. Established in the immediate aftermath of Hurricane Harvey, the fund has been supporting community rebuilding efforts since starting work in September 2017. The Rebuild Texas Fund continues to work hand-in-hand with local community leaders to identify priorities and needs and to provide financial support, expertise, and resources across six critical focus areas: Community & Economic Development, Education & Child Care, Health, Housing, Small Business, and Workforce & Transportation.

We know that fully recovering from a historic storm like Hurricane Harvey will take many years, and billions of dollars. The Rebuild Texas Fund is committed to equipping community leaders with the tools and resources they need to sustain their efforts for the long-term and is on track to award all $100 million raised to projects and organizations by July 2019. We will continue to work alongside communities through completion of funded projects.
Thank you for supporting the Rebuild Texas Fund! Follow us, keep track of our progress, and share.
